## PROFESSIONAL SUMMERY:

- React.js Developer with 2.9 years of experience in building scalable, responsive, and user-friendly web applications from scratch.
- Proficient in React.js, Redux Toolkit, JavaScript (ES6+), Tailwind CSS, Node.js, Express.js, and MySQL/MongoDB.
- Skilled in integrating REST APIs, implementing CRUD operations, and managing state efficiently.
- Strong expertise in frontend optimization, form handling (Formik & Yup), and AWS deployment.
- Adept at collaborating with cross-functional teams in Agile environments to deliver high-quality applications.

## TECHINICAL SUMMERY:

Skills:	Tools
<b>Programming Language:</b>	JavaScript (ES6)
<b>Frontend Technologies:</b>	ReactJS , Redux, Redux Toolkit, JavaScript (ES6), HTML 5, CSS 3, Tailwind CSS ,Formik ,Yup
<b>Backend :</b>	NodeJS, ExpressJS
<b>Database :</b>	MySQL
<b>Version Control and Tools :</b>	Git, GitHub , VS Code , Postman
<b>Cloud :</b>	AWS (Amazon Web Service)
<b>Additional Skills:</b>	REST APIs , JSON, JWT (JSON Web Token) Authentication, Agile Methodology , Client Handling

## WORK EXPERIENCE:

- **Subtle Solutions , Pune** – ReactJS Frontend Developer  
December 2023 – Present
  - Built **responsive and interactive user interfaces** using React.js with reusable components, which improved maintainability and **reduced UI development time by 25%**.
  - Implemented **Redux Toolkit** for efficient state management of complex applications, leading to **30% fewer state-related bugs** and smoother performance.
  - Integrated **RESTful APIs** (authentication, search, sorting, filtering, data visualization) using Axios and React Hooks, achieving a **20% faster data rendering speed**.
  - Translated **Figma designs into pixel-perfect, cross-browser compatible UIs**, which enhanced client satisfaction and reduced design review cycles.
  - Partnered with backend engineers to **optimize API performance**, resulting in quicker response times and an improved end-user experience.
  - Actively contributed to Agile sprints and team collaboration , ensuring on-time delivery of project releases.

- **DigitalFlake PVT LTD , Pune** – ReactJS Frontend Developer  
January 2023 – December 2023

- Developed **responsive dashboards and UI components** for a **Finance Loan Management System (LMS)** using React.js, improving **loan data visualization and overall user experience**.
- Implemented **React Hooks and reusable components**, streamlining development and **reducing repetitive coding efforts by 20%**.
- Integrated **RESTful APIs** to fetch and display **loan applications, repayments, and financial records**, ensuring **real-time updates and accurate reporting**.
- Collaborated with senior developers to build **secure and optimized frontend workflows**, contributing to **error-free financial transactions and reliable loan processing**.
- Worked in an **Agile team environment**, ensuring **on-time delivery of the LMS project** and successful deployment for end-users.

#### PROJECT DETAILS:

---

##### **Project 1: Biofuels Junction**

**Description:** Developed the application using React.js, Node.js, Express.js and MySQL Database. Managed AWS Cloud deployment, ensuring scalability and performance optimization. Managed AWS Cloud deployment, ensuring scalability and performance optimization.

**Role: Frontend ReactJS Developer**

**Working On:** HTML 5, Tailwind CSS, JavaScript (ES6), ReactJS, Redux, Redux Toolkit, Google Map, Axios, React-Table, AWS Cloud, MySQL Database, React Router DOM, Formik, Yup, Rest API, Web Logic, Postman, Git, JWT (JSON Web Token), react-scroll, framer-motion, react-table, react-modal, react-icons, react-custom-scrollbars, react-infinite-scroll-component.

##### **Project 2: Finance LMS (Loan Management System)**

**Description:** Developed a Finance Loan Management System (LMS) application focusing on frontend features using React.js. Built reusable UI components and integrated RESTful APIs to display and manage loan-related data securely and efficiently. Worked closely with backend teams to ensure data accuracy and seamless user experience for financial transactions.

Gained exposure to AWS Cloud deployment and testing financial workflows.

**Role: Frontend ReactJS Developer**

**Working On:** HTML5, CSS3, JavaScript (ES6), ReactJS, React Hooks, Axios, REST API, Redux, Git, Postman, JWT (JSON Web Token)

#### ACADEMICS:

---

**Centre For Development Of Advanced Computing (C-DAC)** (March 2022 – October 2022 )

Mumbai , Maharashtra

Grade – A

**MIT College of Engineering (B.E)** (2017 - 2020)

Aurangabad , Maharashtra

Grade – A

#### PERSONAL DETAILS:

---

**Name:** Mahesh Sakharchand Karbhar

**DOB:** 27 July 1998

**Gender:** Male

**Marital Status:** Unmarried

**Language Known:** English , Marathi , Hindi

#### DECLARATION:

---

I do hereby declare that the above information is true to the best of my knowledge.

**Mahesh Karbhar**
